SFA - Sales Force Automation,

What is SFA?

SFA is a technique of using software to automate the business tasks of sales. Including order processing, contact management, information sharing, inventory monitoring and control, order tracking, customer management, sales forecast analysis and employee performance evaluation.

Goals

- Focus on cultivating customer/agents relationships.
- Improving customer satisfaction.
- A Platform responsive, that permit use in tablets of our agents/commercial and a fast use in cellular form!

Context & Objectives of our App a priori

Development strategy

Create app for company sales team. It should have:

- Activities management.
- Opportunities management.
- Customers.
- Contacts.
- Information about stocks/clientes.
- Create sales orders.
